

EConsort price sheet

Non-UGent instances

1. Yearly EConsort subscription fee

The use of the EConsort service for educational programmes not organized by Ghent University is set at 2800 euro (excluding VAT) per year. For this price all functionalities are available for the user including licences of server software, server space, backups, server infrastructure, documentation and help files. Users are also invited to a yearly organized training session. This price does NOT include: hands on specific training, assistance in programme specific configuration of EConsort, extra training, programme specific adaptations to the software.

In case a same university wants to subscribe for multiple EConsort instances a cost of 800 euro (excluding VAT) per extra instance per year will be charged. This extra 800 euro does not cover any additional training, or maintenance costs.

2. EConsort training fee

On the website of EConsort there is a wide variety of EConsort training documentation available. Each EConsort instance is also invited to the yearly (free of charge) training sessions organized at Ghent University (Belgium). Training sessions can also be followed remote. Transport and accommodation for these training sessions are at the cost of the trainees.

In case extra dedicated training or programme specific support is required this will be charged as follows:

- Costs for accommodation and travel are paid by the inviting institute unless agreed else.
- Training will be charged at 350 euro per day (8 working hours) or 45 euro per hour (excluding VAT).
